YELLOW PAGE ADVERTISING

What are the advantages for your business?

One ad works all year long

Your ad must answer the question of, "Why should the reader select you over the competition?" Be sure the copy and information you provide does just that.

Yellow Page ads give your prospect a method of easily locating and contacting your business, even if they didn't initially know the name of your business.

Keep your ad clean, creative and eye-appealing. Make sure your ad is large enough to incorporate all the vital information that the reader needs to make a contact decision.

Assistance in creating your page ad is FREE!

Need help with your ad design? Pinnacle Publishing will work with you to design your ad at no charge.

You pay by the month instead of one large payment.

Give yourself a budget to work with. Figure out how much you want to spend on Yellow Page advertising for the entire year and divide that amount by twelve. Nelson Telephone works with our business customers and provides your Yellow Page advertising charges with your regular monthly phone bill.
