Chief Earns Management Achievement Award

**CHRISTY BERGER** honored  
at NTCA national awards ceremony

*The National Telecommunications Cooperative Association (NTCA) announced that Christy Berger, general manager and executive vice president of Nelson Telephone Cooperative, received the prestigious NTCA Management Achievement Award at the association's annual meeting in Long Beach, Calif., in February.*

*The Management Achievement Award recognizes outstanding and innovative management achievement on the national, state and local levels. This award honors excellence in overall administrative management and ground-breaking efforts in specific areas such as new technology and diversification.*

*When she became general manager of Nelson Telephone in 2002, Berger implemented a long-term plan that involved a plant upgrade and the installation of new fiber and electronic equipment to deliver higher speeds of Internet and IPTV services to Nelson's customers. Berger has spurred Nelson's growth through proactive marketing outreach and the introduction of new services to meet consumer demand. In addition, Berger has played a key role in policy-maker education, meeting with state and federal legislative bodies.*

*"The key to Christy's success has been her drive and motivation," said NTCA Chief Executive Officer Michael E. Brunner during the awards presentation. "Her passion for the industry and dedication to results has enabled Nelson Telephone to thrive and prosper."*
